October 1, 2019  
Finantec Co., Ltd.

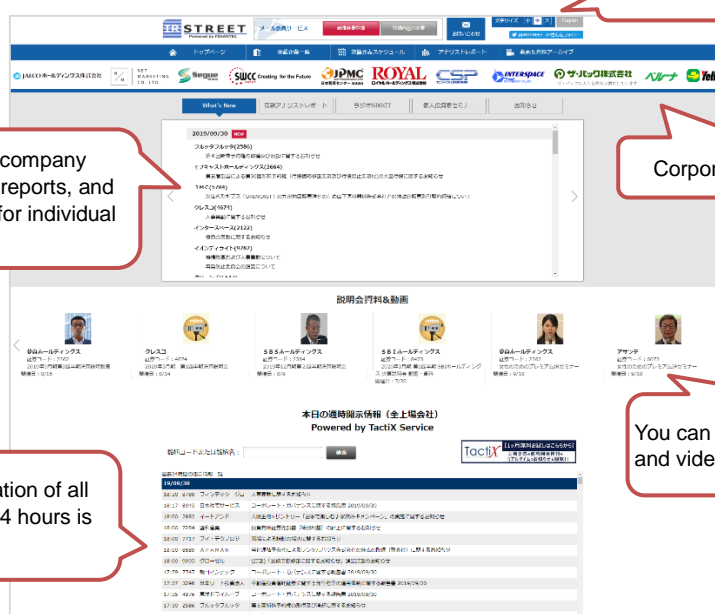

We have revamped our IR portal website **IR STREET** (Japanese/ English) !  
- with enriched contents, more user-friendly function, and smartphone responsive design

Finantec Co., Ltd., an investor relations consulting firm (Headquarters: Tokyo, Representative: Masaki Kai, hereinafter "Finantec") is pleased to announce the launch of wholly revamped our IR portal website "IR STREET" (in Japanese and English).

Since its establishment in 1998, Finantec has been engaged in the practical IR supports for public companies, and has achieved to increase the corporate and stock values of the number of clients. For practical IR support, we use our IR STREET as a marketing platform. In addition to existing functions such as TD-Net linkage, bilingual (Japanese/English) contents, and timely disclosure to individual, institutional, and foreign investors, the main features of the revamped website are as follows:

- **Easier to find companies and contents!**  
: You can find briefing materials, videos, analyst reports, earnings schedules, and other content more easily. Company Search function is newly added, making it easier to search for companies and contents.
- **Corporate Governance Reports and Convocation Notices for Shareholders Meetings are available!**  
: The materials will be posted and delivered in real time based on data from EDINET, as well as TD-Net.
- **Smartphone & Tablet Friendly!**  
: More accessible for all users as it has been compatible with a variety of devices.
- **All listed companies' announcements (within 24-hour) are available!**  
: All data is distributed by Tactix, a timely announcement service operated by our group.  
This timely disclosure information is also available in English, making it more convenience for overseas investors.
